

AI PRODUCT · ENGINEERING · OPERATIONS

Sami Halawa Ribas

Founding AI Engineer · Head of AI · AI Product & Platform Lead

Madrid, Spain · EU work authorisation · +34 679 794 037 · sami@oulang.ai · samihalawa.com · linkedin.com/in/samihalawa · github.com/samihalawa

Founder-engineer who turns ambiguous opportunities into operating AI products. Full-cycle ownership across product strategy, agent and LLM workflows, data and APIs, web/mobile delivery, infrastructure, analytics, monetisation and customer operations.

ROLE-ALIGNED CAPABILITIES

Leadership & product

Zero-to-one architecture, product strategy, customer discovery, technical direction, client delivery, mentoring

AI systems

Multi-agent orchestration, MCP, tool/function calling, RAG, structured outputs, model routing and evaluation loops

Engineering

Python, FastAPI, TypeScript, Node.js, React, Next.js, REST APIs, SQL, background jobs and mobile delivery

Operations

Docker, Linux, CI/CD, Cloudflare, Coolify, logs, monitoring, analytics, payments and cost control

CURRENT PROFESSIONAL EXPERIENCE

Founder & AI Product Engineer · Agents AI Ltd

Jul 2025–Present · Madrid / London

- Own product discovery, architecture, implementation, deployment, analytics, monetisation and operational handover across founder-led and B2B systems.
- Built OULANG, a multilingual marketplace and local-life platform for Chinese communities in Spain, across web, iOS and Android delivery.
- Built AutoClient and research, enrichment, CRM, email, WhatsApp and voice-agent systems; published reusable MCP and developer tooling.
- Delivered pricing-intelligence, decision-reporting, document-processing and multimodal review workflows with human review built into the process.

AI Instructor & Independent Technical Consultant

2022–Present · Madrid / Remote

- Teach practical AI, agents, MCP, automation, Python and product engineering through working applications, live builds and implementation-focused curricula.
- Translate business needs into systems and technical decisions for professionals and teams in Spanish, English and Mandarin.

Systems built, operated and explained

The factual record is shared across every application edition; this page selects the systems most relevant to Founding AI Engineer · Head of AI · AI Product & Platform Lead.

SELECTED SYSTEMS & PROOF

OULANG / Huatong / OUPIN
Founder-led multilingual marketplace products across web and mobile, shared platform infrastructure and continuing product operations.

AutoClient
Agentic research, enrichment, scoring, personalised outreach, conversation tracking and CRM automation across email, WhatsApp and voice.

Agents AI Ltd portfolio
Product and client systems spanning AI services, pricing intelligence, education, legal intake and medical-learning workflows.

Multilingual technical delivery
Product discovery, teaching and stakeholder communication in Spanish, English and Mandarin across Europe and China.

CAREER FOUNDATION

Senior Full-Stack Engineer · Damehosting
2019–2023

- Developed and maintained production web systems; supported delivery through code review, CI/CD, Linux/server operations and mentoring.

Web, Mobile, Growth & Education · Megawebs / Megacursos
2009–2023

- Built more than 70 web and mobile projects, produced technical courses, taught digital design and led SEO/acquisition work.

PUBLIC ENGINEERING EVIDENCE

249
authored public GitHub repositories

12
Hugging Face articles

111
verified work media files

125.83h
implementation archive

OPEN SOURCE, PUBLISHING & TEACHING

- VUDA visual UI diagnosis: 80 GitHub stars / 7 forks at the verified snapshot; SMTP MCP Server: 17 stars / 15 forks.
- Published ChinoTotal, a 296-page Spanish-language Mandarin course from zero to HSK2/A2 (ISBN 9798873249237).
- Implementation-first teaching across agentic AI, automation, Python, product engineering and multilingual technical communication.

A practical, multilingual AI profile

Current professional development strengthens an engineering record built through products, infrastructure, teaching and client delivery.
