

SAMI HALAWA RIBAS

SENIOR AI ENGINEER | PRODUCTION AGENTIC AI, RAG & MCP SYSTEMS

Madrid, Spain | EU work authorisation | +34 679 794 037 | sami@oulang.ai
samihalawa.com | linkedin.com/in/samihalawa | github.com/samihalawa | huggingface.co/samihalawa

PROFESSIONAL SUMMARY

Senior AI Engineer specializing in production agentic systems, RAG, MCP, evaluation, observability and multimodal workflows. Built and shipped AI products serving **17,262 users** and designed pipelines that generated **200+ qualified contacts in two weeks** with a **30% sales-conversion improvement** for one business owner.

CORE TECHNICAL SKILLS

AI/ML: agentic AI, RAG, retrieval, embeddings, transformers, multimodal AI, evaluation

LLM systems: MCP, LangChain, LangGraph, tool/function calling, structured outputs, model routing, human approval

Backend & data: Python, FastAPI, TypeScript, REST APIs, SQL, OCR and document pipelines

MLOps & deployment: Docker, Linux, CI/CD, cloud, tracing, observability and monitoring

PROFESSIONAL EXPERIENCE

Founding AI Engineer | Agents AI Ltd

Madrid, Spain | Jul 2025 - Present

- Architected and shipped OULANG across web, iOS and Android; the product reached **17,262 users, 38,857 listings and 89,913 contact reveals** by 3 July 2026.
- Built and deployed production agent workflows as Python/TypeScript services with state management, tool calling, schema validation, evaluation gates, observability and human approval for the platform's **17,262-user** operating environment.
- Integrated research and CRM context across **four delivery channels** - email, LinkedIn, WhatsApp and voice - using Python, TypeScript, APIs, SQL and MCP tools, with live dashboards for operator visibility.

Agentic AI Systems Engineer | AutoClient

Madrid / Remote | Mar 2024 - Present

- Built an agentic research, enrichment, qualification, CRM and next-action pipeline; generated **200+ qualified contacts in two weeks** and supported a **30% sales-conversion improvement** for one business owner.
- Engineered tool-calling agents, RAG context assembly, structured outputs and CRM write-back in Python/MCP across **three channels**: email, WhatsApp and multilingual voice. Selected by **Lanzadera in 2025**.

Medical AI Product Engineer | AutoMedical

Madrid / Remote | Feb 2025 - Present

- Designed APOLO as a **two-stage** multimodal workflow separating evidence extraction from reasoning; combined AutoIOL, OCT workflows and MedSAM for structured review with explicit human oversight.

ADDITIONAL EXPERIENCE

AI Systems Consultant & Instructor | Independent

Madrid / Remote | Jul 2022 - Present

- Delivered GenAI, RAG, MCP, API, SQL and cloud implementations end to end, covering architecture, deployment, evaluation and observability across production use cases.
- Produced **111 lessons and workshops totaling 125.83 hours** in **three languages**; created a **15-hour** agent-architecture curriculum covering tools, memory, multi-agent systems, RAG and production operations.

SELECTED AI ENGINEERING PROJECTS

VUDA | Visual UI Debug Agent MCP

Open source | github.com/samihalawa/VUDA

- Built visual capture, annotation and reasoning workflows for live UI diagnosis; reached **80 stars and 7 forks** within a portfolio of **249 public non-fork repositories**.

APOLO / AutoIOL / MedSAM | Multimodal AI research

2024 - Present | Medical image and structured-reporting workflows

- Built evidence-first image-text and segmentation workflows using DeepSeek-VL2-tiny and MedSAM, with structured outputs, longitudinal context and explicit review.

EDUCATION & SELECTED CERTIFICATIONS

Li Po Chun United World College of Hong Kong - International Baccalaureate, Science and Mathematics | 2010 - 2012 | Rafael del Pino Foundation scholarship

Shenzhen Institute of Information Technology - Computing and information-technology studies | 2016 - 2018 | Shenzhen, China

- **IBM Generative AI Engineering Professional Certificate** (2026) - transformers, fine-tuning, RAG, LangChain, Python and deep learning
- **IBM Machine Learning Professional Certificate** (2026) - supervised/unsupervised learning, deep learning, reinforcement learning and capstone
- **Microsoft Certified: Azure AI Fundamentals (AI-900)** | **Databricks Mosaic AI** - 2026
- **Agentic AI Engineering**, Edureka - 2026 | LangChain, LangGraph, multi-agent systems and MCP

EARLIER EXPERIENCE & LANGUAGES

Damehosting | Senior Full-Stack Engineer | 2019 - 2023: production web systems, code review, CI/CD, Linux operations and mentoring.

Megawebs / Megacursos | 2009 - 2023: built **70+ digital projects** and **20+ native or cross-platform applications**.

Languages: Spanish | English | Mandarin Chinese
