**Sami Halawa Ribas**

has successfully completed the online Specialization

# Data Privacy, Ethics, and Responsible AI

Now that you have completed the Data Privacy, Ethics, and Responsible AI Specialization, you stand out with specialized expertise in AI governance and compliance. This certificate demonstrates your readiness to lead ethical AI initiatives and can be shared with your professional network. Throughout this program, you engaged with comprehensive coursework and practical applications, gaining deep understanding of: Conducting fundamental rights impact assessments for AI projects and implementing ethical frameworks. Navigating regulatory landscapes including EU AI Act and GDPR compliance requirements. Identifying and mitigating AI security vulnerabilities such as prompt injection attacks. Developing user education programs and building organizational trust in AI systems.
